Helpful Hints and FAQs

Repertoire

1. Repertoire Periods – Classical Piano Syllabus
   • Please check your syllabus manual for repertoire requirements. **If there are specifically required periods for a level (Levels III, IV, V, and VI) you will need to enter the pieces for those required periods first.** The remaining “choice” period pieces may be added in any order.

Composers

1. How to Enter Composers
   1. Type the LAST NAME of the composer into the composer blank and a list of composers will appear.
   2. Click on a composer from the list.

2. What if a composer isn’t in the drop down list?
   1. For now, type in the word “Unknown” and choose “Unknown, Composer” from the list. (This way you will be able to complete your registration without having to start over.)
   2. Email your chairman with the name of the composer you would like to have added to the list. The chairman will add the composer to the official list.
   3. When the composer has been added (your chairman will let you know by email), change the composer name on the student registration form.

3. Why can’t I add the name of a composer to the list?
   • Only chairmen and administrators may add composers to the list.
   • Chairmen will make sure the composer isn’t already in the list, verify dates and double check for spelling accuracy.
   • By doing it this way, the recital programs have only one (and hopefully correct) spelling for each composer. For example, if teachers are allowed to add composers, the Baroque or the Oregon Jr Bach Festival programs could have the following spellings for J. S. Bach all in one program: js bach, J. S. Bach, Johann S. Bach, j. s. bach, Johann Sebastien Bach, j Bach, and Bach. The chairmen would then have to retype all the names to match!

Conferences

1. How do I Sign Up for Another Conference or Delete a Conference?
   • If the deadline has passed, email your chairman that you would like an extra conference so they will be expecting to see it in their list of teacher conferences to schedule.
   • Send an extra $17.00 to the chairman.
   • If the deadline has not passed, you don’t need to contact the chairman. Proceed with the next step.
   • Sign up for the conference.
     o From the Teacher Home page, under My Registrations, click the blue letters of the event.
     o Click the [Edit Choices] button.
     o Choose the number of total conferences you would like from the pop up menu.
     o Click [Re-Submit].
     o Print an updated invoice to reflect the extra conference fee.
